Reversible Apron Bib

To begin with...

- ✂ Please read all instructions carefully, before beginning to cut or sew. I have included a 1/4 inch (6 mm) seam allowance in all my patterns, however if you require any help or have any questions please feel free to contact me at my etsy shop, by email on: enquire@frianki.com , online at www.frianki.com or on facebook.
- ✂ I try to take all care for my patterns to be universal, but I suggest a muslin be made up first, before you cut the pretty or expensive fabric you want for the final product. A muslin is basically that - using a cheap fabric to make a test first.
- ✂ This pattern has a few options regarding fabric - I have used two different fabrics, and you can see I have reversed the straps.
- ✂ The extra lengths to cut really do depend on the child - I used the 40 x 4 cm for the size 2.

Supplies needed...

- ✂ Fabric - Depending on the finished product, two different types of fabric.
- ✂ Matching Thread
- ✂ Sewing Machine

Sizing/Measurements...

- ✂ Size 0 (6 to 12 Months)
- ✂ Size 1 (12 to 18 Months)
- ✂ Size 2 (18 to 24 Months)

Conditions...

This pattern is © Frianki 2014. This pattern can be used for personal applications, but not commercial use. Mass production, file sharing or reselling of this pattern is not allowed without express written permission from Frianki. All patterns are designed and made by me, all are original designs and patterns. Please credit Frianki as the pattern source, and link to the pattern, if resulting clothing is shared online.

Step 1

- Print off & cut out your pattern pieces from the PDF file sent. Remember to select A4 size paper (210mm x 297mm).
- Join the pieces (side A to A etc) and tape together.

Step 2

- Pin pattern to fabric and cut out.
- In this case you should have 2 x pattern piece. Also cut out 8 strips of fabric (4 of each colour) that are 40cm x 4cm each.

Step 3

- Match together one colour with the opposite and pin.
- Sew three side, leaving one of the small sides open. Repeat for all four straps.

Step 4

- Trim the edges of each strap.
- Turn the straps the right way again. Start by bunching the sewn end - to create a spot to begin turning it around.

Step 5

- Push a blunt tool from the sewn end through and out the other side.

Step 6

- Take it off the tool and pull it out.

Step 7

- Using your fingers, flatten the piece's seams and iron flat.

Step 8

- Lay down one of the pattern pieces, right side up. Pin the pieces in place.

Step 9

- Make sure the strap ends are not near the edges of the garment, fold up if necessary.
- Lay the other pattern piece over the top of the first and pin. Be careful to pin the straps securely.

Step 10

- ✂ Sew around the perimeter of the pieces, leaving the bottom section for now.

Step 11

- ✂ Trim the edges of the garment - mostly focusing on the strap overhangs.

Step 12

- ✂ Turn the fabric the right way around.
- ✂ Flatten and iron the bib. On the bottom section that wasn't sewn, fold the edges in and pin. Sew the bottom edge.

Step 13

- ✂ And then you're done!

Step 14

- ✂ If you used two different fabrics, this would be the other side.
